THE TOUGHBOOK C1

The world's lightest 12.1" convertible tablet PC.

Introducing the world's lightest 12.1" convertible tablet PC, the new 3.28 lb. Panasonic Toughbook® C1. It features an array of industry-leading advancements, such as being the first rugged convertible tablet PC to offer a hot-swappable twin battery design for continuous use by enabling battery replacement without disruption. The Toughbook C1 is available with a multi touch + digitizer screen for finger and gesture computing and an electronic stylus for accurate digital input. The ergonomic strap and dome cradle the hand for comfortable long term use. The Toughbook C1 features a unique, durable triple hinge design that is easy to open and close with one hand—it uses two hinges for opening and closing the screen, and another hinge for rotating the screen into tablet mode. A spill-resistant keyboard and the ability to survive up to a 30" operating drop are additional performance benefits.
