Features

• The latest CPU and OS support the fast & stable capacity.

The compatibility with Window CE 5.0 and high speed Intel PAX270 520MHz CPU helps to process the data stable and fast.

• Support integrated communication environment

"CDMA & WLAN" or "CDMA & GPS" communication is available so that communication environment will be decided by customer's choice. The telephone, data communication, GPS functions can be carried out according to communication environment.

• Support customer-friendly environment for everyone

User-oriented convenience has been upgraded such as convenient viewing mode and interface for those who familiar with PC screen, navigation buttons with 4 direction-movement, 'Hold' button for preventing abnormal program executions

• Anytime, anywhere readiness

The luminescent key pad, strong and durable antenna, and large LED screens are carefully designed and the highest anti-shock technology is applied to stand woeful environment.

Specifications

SECTION	SPEC
CPU	Intel PXA270 520MHz
OS	Windows CE 5.0
MEMORY	RAM : 64MB / ROM : 128MB (UP to 128MB, 512MB)
DISPLAY	3.5inch TFT LCD 240 x 320 260,000 Color
RADIO	Integrated CDMA
INTERFACE	USB Client, Client, RS-232C, IrDA1.2, Mini SD Slot, Bluetooth
CAMERA	2M Camera, CMOS Type, Flash, Reflective mirror
BATTERY	1300mA Rechargeable Lithium Polymer Battery (Max Capacity : 2600mA)
ANTENNA	Internal : Bluetooth, CDMA / External : GPS
ENVIRONMENT	12times drop 1.2m to concrete
AUDIO	Speaker & Mic integrated Headset jack
KEYPAD	9key / Side Key : 4Key / Hold Key
OPERATION EMPEATURE	4° to 122° F / -20° C to 50° C
RELATIVE HUMIDITY	5% to 90% RH noncondensing
DIMENSION	72.84 (width) x 134.77 (length) x 18.5 (thickness)mm
MP3	MP3
