VALUE ADDED SOFTWARE

When Thermal Isn't An Option – Use The New SP700 From Star Micronics

An easy-to-integrate, innovative kitchen printer that can take the heat.

The SP700 impact printer is the latest addition to Star Micronics' robust line of printers. Built specifically to work in environments where heat and humidity can erode the type on the kitchen order, the SP700 is an ideal solution. This fast, two-color printer offers crisp, clear type for easy viewing, clamshell design for easy paper loading and an embedded power supply for space efficiency.

The SP700 was designed to make its installation, utilization and maintenance as easy as possible for any user. The SP700 is ready to be used right "out-of-the-box." A CD with WHQl drivers jXP®, 2K®, Vista®, linux and MaC® OSXl and documentation is included with the printer, making it ready for operation immediately after purchase.
