

The LP/TLP 2824 are perfect for low-volume printing needs in business and professional offices including:

- Retail point of sale, shelf labeling, and product marking
- Healthcare specimen labeling
 and patient tracking
- Inventory and asset management
- Small office/Home office mailing, shipping, and file folder labeling

LP/TLP 2824

Thermal, On-demand Label, Receipt, and Tag Printers

Leading the way in versatile and affordable desktop printing.

Ideal for retail and other low- to mid-volume label applications, the two-inch LP/TLP 2824 desktop bar code label printers redefine the compact printer class—they fit into areas other printers cannot, withstand rough handling and integrate easily into a wide range of applications.

Small Size - High Performance

The 2824 ultra-compact printers incorporate proven design features needed in today's demanding label printing applications. A five-inch media roll capacity and clear media window ensure maximum productivity while a maximum print speed of four inches per second enables fast job processing. The LP/TLP 2824 feature Zebra's OpenACCESS[™] design for easy label loading, while dual-walled construction offers durability unprecedented for a desktop printer. And your customers have a variety of connectivity choices including serial, parallel, USB, internal or external ZebraNet PrintServer II, and cash drawer kicker interfaces.

Connect with it. Count on it.™
